Institute of Future Learning

Dear colleagues, students and alumni,

I am delighted to announce the establishment of the Institute of Future Learning on 1 August 2025. Since 2023, CityUHK has pushed for a learning centric education, focusing on Institutional, Inspirational, Interactive and Innovative Learning. This new institute will go further to reimagine this learning centric education for the future, exploring how we can deeply harness digital technology to transform the learning experience at CityUHK.

The Institute will include board members from and collaboration with key digital / AI companies, to ensure we can harness the most frontier learning technologies available, and will collaborate closely with all Colleges and Schools to accelerate educational innovation across the university.

I am also pleased to announce the concurrent appointment of **Professor CHEUNG Chak Chung Ray**, Associate Provost (Digital Learning) and Professor in the Department of Electrical Engineering, as the inaugural Director of the Institute, effective 1 August 2025. The Institute will report directly to the Provost and Deputy President.

Please join me in welcoming the Institute of Future Learning. I look forward to your support as we embark on this exciting new chapter of educational innovation and excellence at CityUHK.

Professor Freddy Boey

President and University Distinguished Professor

4 August 2025
